SPECIAL ARRANGEMENTS IN PLACE REGARDING COVID-19 PANDEMIC

1. Our primary role is driving people without transport to medical appointments. As long as they are neither showing any signs of COVID-19 nor have been in contact with someone who has within 14 days we will still do this.
2. We only have 10 drivers now under 70.
3. So we do need new drivers please, but we would prefer you to stay on with us after the government relaxes its current restrictions. We will need to DBS check you which we do online. You will receive a free hospital parking permit and ID card and reimbursement for expenses.
4. Once the government relaxes its restrictions, then we shall reassess the situation.
5. We are also able to do weekly shopping on a regular basis for anybody who is self-isolating, using the doorstep and front door as a barrier and maintaining a 2m distance. If payment in cash is not possible, then there are other ways possible to be agreed directly between the shopper and the client. EG Reimbursement to the shopper's bank account online, or payment by cheque afterwards. We do not allow our shoppers to take clients' bank/credit cards with them, or to have anybody's PIN number for security purposes.

6. Some supermarkets are introducing an EGift Card. This is a cashless and less stressful way for people to help get the shopping in. It provides a contactless, safe and secure way to allow others to shop for them.
